Regional Administrator  
EPA Region 4  
Atlanta Federal Center

Atlanta, GA 30303-8960

Dear Mrs. Toney:

The Alabama Department of Environmental Management (ADEM) has forwarded copies of proposed revisions to the ADEM Administrative Code to the Air, Pesticides and Toxics Management Division staff. Please address any comments EPA may have on this proposal to me on or before March 10, 2017.

Revisions to the Division 3 Code are being proposed to incorporate by reference changes to the EPA's New Source Performance Standards (NSPS) in Chapter 335-3-10, and National Emissions Standards for Hazardous Air Pollutants (NESHAPs) in Chapter 335-3-11. The definition of volatile organic compounds (VOCs) in Chapter 335-3-1 is also being proposed for revision to be consistent with EPA's revisions. Revisions are being made to Chapter 335-3-8 to incorporate amendments to EPA's Cross State Air Pollution Rules (CSAPR), which updates the NOx ozone season emission budgets for the electric generating units (EGUs) within the state, and that implement these budgets via modification to the CSAPR NOx ozone season allowance trading program established under the original CSAPR. Chapters 335-3-14, 335-3-15, and 335-3-16 are being revised to incorporate amendments to EPA public notice regulations. The State Plans to control emissions from Commercial and Industrial Solid Waste Incineration Units (CISWI) and emissions at Existing Municipal Solid Waste Landfills (MSWL) are also being revised.

Chapters 335-3-1, 4, 8, 14, and 15 are considered part of the federally-enforceable State Implementation Plan (SIP). Revisions to these Chapters are proposed to be incorporated into Alabama's SIP. Chapters 335-3-10 (NSPS), 335-3-11 (NESHAPs), and 335-3-16 (Major Source Operating Permits) are not considered part of the

SIP. As such, revisions to these Chapters are not proposed to be incorporated into Alabama's SIP.

A public hearing will be held concerning these changes on Wednesday, March 8, 2017, at 10:00 a.m. in the Main Hearing Room at the Alabama Department of Environmental Management, 1400 Coliseum Boulevard, Montgomery, Alabama.

An exact duplicate of the information provided in this submittal is provided in the enclosed CD. If you need additional information concerning this submittal, please call Larry Brown of my staff at (334) 271-7878.

Sincerely,

Ronald W. Gore, Chief  
Air Division
